Guarantee Payment Solutions

## Home Delivery

CrossCheck's Home Delivery service helps merchants maintain cash flow while offering secure, flexible payment options for customers who prefer to shop from home. By pre-authorizing check payments before delivery, this service ensures merchants are paid on time and builds customer trust.

### ✓ How Does it Work?

- **Pre-authorization:** Merchants log into their CrossCheck account, select "Pre-Auth Home Delivery Open," and enter customer payment information.
- **After Delivery:** Once the delivery is completed, merchants finalize the process by selecting "Pre-Auth Home Delivery Close" and scan the checks for deposit.
- **Guaranteed Payments:** CrossCheck guarantees full payment before delivery, ensuring merchants receive the funds they're owed.

### ✓ Do I Need Additional Equipment?

No! Merchants can use their existing systems to complete the pre-authorization and finalization steps. Alternatively, they can use CrossCheck's customer service line or visit [www.cross-check.com](http://www.cross-check.com) for fast approvals.

### ✓ Transaction Process:

- Pre-authorize payments before deliveries.
- CrossCheck guarantees the payment.
- Scan checks after delivery to complete the process.

### ✓ Versatility:

Home Delivery can be bundled with CrossCheck's **Multiple Check** service, allowing merchants to accept 2-4 checks for a single large purchase, such as vehicle down payments. The customer selects the deposit dates, typically within 30 days.
